Thematic portfolio

Facilitation of international movement of competition horses

PERSPECTIVES

DOSSIER

AROUND THE WORLD

World Organisation for Animal Health (OIE)
2015

This document demonstrates how the continuous observance of the [HHP health and biosecurity practices](#) allow for simplification of the list of diseases for which HHP horses should be certified with respect to their temporary importation for competition purposes.

The HHP risk mitigation strategies rely on four pillars:

- Biosecurity measures
- Health management practices
- Specific health requirements
- Contingency planning.
