WORLD ORGANISATION FOR ANIMAL HEALTH
Protecting animals, preserving our future

In 2019, a mission was conducted in Thailand to monitor its compliance with the *Terrestrial Animal Health Code* provisions for the maintenance of its peste des petits ruminants (PPR)-free country status as recognised by the OIE World Assembly of Delegates in Resolution No. 21 of May 2019. As a consequence, Thailand's PPR-free country status was suspended, with effect from 25 October 2019.
