OIE WORLD ORGANISATION FOR ANIMAL HEALTH
Protecting animals, preserving our future

Published by the Food and Agriculture Organization of the United Nations (FAO) and the World Organisation for Animal Health (OIE)
2020

FAO ISBN: 978-92-5-132653-4
OIE ISBN: 978-92-95115-61-3
10 pages

The document is also available in Chinese, French, Russian and Spanish.

In the last few years, African swine fever (ASF) has led to a major global crisis in the pork industry, resulting in substantial losses in the pig population worldwide, detrimental socio-economic impacts, and threats to food security. During the 87th General Session of the OIE, the World Assembly of Delegates requested that the OIE produce a global initiative to control ASF. The initiative has been released and it is now publicly available.
